

MINISTRY PLAN TO ESTABLISH WEEKLY SERVING COMMUNITY SMALL GROUPS

Is your church looking for a missional and discipleship strategy? Having a systematic way for every member to be living on a mission? Are you looking for a way to "Be the Spark: Igniting Change, Transforming Culture" in your community?

WHAT DOES "BE THE SPARK" MEAN?

"Be the Spark"

Intentionally doing tiny positive actions with a purpose, a spark ignites a fire. One firefly seems insignificant, but a 100 fireflies lights up the darkness or like.

"Igniting Change"

This phrase emphasizes the idea of starting a process of change. It suggests that even small actions can lead to significant shifts in attitudes and behaviors.

"Transforming Culture"

This part of the slogan highlights the broader impact of individual actions. By igniting change, individuals can contribute to the transformation of societal norms, values, and practices, ultimately shaping the culture in a positive way.
